

## OSM/VISTA Mountain Heritage Inc., VA

[Home Page](#)[Directory](#)[Index](#)[Search](#)[Site Map](#)[Help](#)

As an OSM/VISTA, Billy McConnell is involved with Mountain Heritage, Inc., a locally based nonprofit environmental group that works on projects such as finding grant money to help install septic systems. He helps clean up the rivers and streams in the area by working with the Lick Creek Watershed and removing straight pipes.

He has also been working to install septic systems in the West Dante Area of Dickenson County. So far, they have installed 7 septic systems with the grant

money that Mountain Heritage received. They hope to double their goal of installations with the help of the Russell County Water Department. They are also helping with the installation of septic systems in the Sun area of Wise County. The project consists of 12 homes, which are being renovated by People Inc.
