HOW TO MAKE CHANGES TO THIS DIRECTORY

As with all telephone directories, changes will be needed to this Directory almost from the moment it is printed. Due to the continual growth and change in OSM, a Directory will never be completely accurate except for an extremely short interval. To make this Directory as current as possible, all employees must notify the Division of Administration immediately of any changes to the information in this phone directory.

For your convenience, updates can be sent to the Division of Administration via E-mail at mwright@osmre.gov or by mail to ms-222-SIB. If you have any questions, please call the Division of Administration at 202-208-2593. When providing updates, please be sure to include all information found in both the alphabetical and organizational listings. At the bottom of this page you will find a format for the information normally required.

The Division of Administration will be sending updated pages electronically to all employees on an as-needed basis. This will decrease the amount of time that the Directory is not current, and save on printing costs. Additionally, updated versions of this Directory will be provided to the webmasters for inclusion on the OSM Intranet (www1.osmre.gov/Directory/tele00.htm) and the OSM Internet Home Page (www.osmre.gov/phone.htm).

At the bottom of each directory page you will find the date the page was last changed. Use this as a reference to ensure you have the most recent version.

Information normally needed for an individual update:

NAME:

PHONE NUMBER:

TITLE:

ORGANIZATION:

ROOM NUMBER (If Headquarters):

E-MAIL ADDRESS:

Additionally, if a correction needs to be made to an entry, please include the page number where the correction is needed. This information can be sent by E-mail to mwright@osmre.gov or mailed to ms-222-SIB.
