### **Discussion:**

- MCR Roadshow – 1<sup>st</sup> roadshow was held in Birmingham, Alabama, July 17. Topics presented by Chris Kiser and Brian Hicks were drones, GNSS equipment, Global mapper, Bathymetric survey, LiDAR and Borehole camera. Luke Monette from AR was also there to answer questions about drones and Global Mapper. We received a lot of positive feedback from the state. The topics generated interest in TIPS classes, Global Mapper licensing and drones.
- Mark Stacy mentioned Steve Weinzapfel is interested in a roadshow
- Upcoming states meeting in Kansas City, MO August 28-29

### STATE REPORTS
