Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: Documents sufficient to account for: 1) Documentation or records identifying any personnel who transitioned from Schedule C appointments to SES positions within the last year, including the dates and circumstances of such transitions. 2) A complete list of all SES employees hired in the last year, or promoted to SES in the last year. The resume provided by the individual to the agency in connection with determining the appropriate salary for the individual, or if that is not available, a recent resume contained within the agency's records. Copies of any SF-50 forms for the individual reflecting any change in position, title, or salary, including when the employee starts or leaves a position. 3) The most recent organizational and hierarchy charts published or disseminated internally by the agency or subordinate organizational entity. Search Instructions: Please limit all searches in response to this Request from January 1, 2024, to the present. Please include the full email chain and attachments relevant to any responsive documents to provide further context. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to," "referring," "relating," or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Accordingly, without limitation to the foregoing, if any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Moreover, to the extent that responsive records may be withheld in part produce all reasonably segregable portions of those records. Additionally, please provide all responsive documents even if they are redacted in full. This request is primarily and fundamentally for non-commercial purposes. As an investigative columnist and author, my request is in the public interest to inform the public regarding the agency's policies and procedures on the national stage relevant to domestic policy issues.

During late February 2025, PADEP Bureau of Mining Programs and the Bureau of District Mining Operations released a new "Act 54 Report" on its website, called Effects of Underground Mining in Pennsylvania 6th Report 2018-2022. The undated Report can be accessed on the PADEP website here: [Act 54 Report \(6th\) 2018-2022](#) (see pdf attachment "Website" for workable link to Report.)

The Report notes that it was prepared by PADEP with the assistance of OSMRE. I wish to obtain the following information and records associated with OSMRE's involvement in the preparation of the Report and its Appendices:

•The names and qualifications of specific people at OSMRE who prepared sections of the 6th Act 54 Report, and/or who provided significant input and/or editing or review (per Report page 6, "... was completed by staff from CalDMO and BMP... and OSMRE", and page 7, "This review is done with assistance from professionals with appropriate expertise.")

03/12/2025 05/09/2025 Kinz, Stephen - Closed

•Correspondence (including letters, emails, agreements, and notes) between OSMRE and PADEP regarding coordination, data review, technical assistance, peer review, comments, and oversight for the Report (mentioned on Report pages 5, 9, 126, and 127).

•Copies of any minutes or notes taken during "regular meetings" (report page 9) between OSMRE staff and PADEP staff relating to the drafting and editing of the Report.

I believe the Report was prepared during the time period 2020 through February 2025.

All of these records should be available as pdfs or in some other digital format which can be emailed to me or provided through access to a shared folder. In the event that some of the records are only available as paper copies, and the cost to provide is greater than \$100, I request to be notified of the approximate number of such pages and the approximate cost prior to duplication/mailing.

Thank you.

I am submitting this request under the Freedom of Information Act (FOIA) to obtain records containing the names, official work email addresses, and contact information of current federal employees within Department of the Interior:

Office of Surface Mining Reclamation and Enforcement of the United States. Our organization, Financial Literacy Advocates is a nonprofit dedicated to empowering individuals and families with the knowledge to make informed financial decisions. We provide education on key topics like wills and trusts, federal benefits, budgeting, and retirement planning. To facilitate our outreach and education efforts, we seek access to public records that include: Employee names Official work email addresses Contact phone numbers (if available) Titles and office locations If any of this information is restricted, we request disclosure of all releasable portions. Please provide the records in an electronic format if possible. If processing fees exceed \$25, please inform us in advance. Additionally, if any part of this request requires clarification or modification, I would appreciate the opportunity to discuss it. Thanks,

I am looking to obtain an AMLER "grant package" from an Alabama-approved project. I'm most focused on receiving examples of final NEPA documents, but I would also like to see an example of all documents necessary after an initial "yes" is provided by the agency that a project will receive AMLER funds.

I would like to obtain one or more examples of post-initial approval documents for any AMLER projects that awarded FY 2024 monies. I'm most focused on any federal interest-related documents (e.g., NOFI, lien) and NEPA materials. But, I'll take any documents that are integral to the issuance of the ATP.

I would like to request information pertaining to the former Klaver Construction Products, LLC located at 1301 West 10th Street, Pratt, Kansas 67124 (mine ID nos. 1400557 and 1401712). The facility may be listed as Concrete Enterprises or the Pratt Sand Pit. Klaver Construction Products (1400557) closed in 2010. Pratt Sand Pit (1401712) appears to have closed in 2022. Please include the following record types for each facility, if available: permits and permit applications; site inspection reports; Notices of Violation (NOVs) and other enforcement documentation; return to compliance documentation; site maps, drawings, and photographs; correspondence with the OSMRE; and the facilities' closure files. (Date Range for Record Search: From 1/1/1980 To 12/31/2022)

Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: 1) Documents sufficient to account for the agency's finalized Diversity, Equity, Inclusion, and Accessibility (DEIA) strategic plan. 2) Documents sufficient to account for all finalized Equity Action Plans (EAPs) created by the agency, or submitted to the White House under Executive Order (EO) 14091. Search Instructions: Please limit all searches in response to this request from January 20, 2021 to January 19, 2025. Please include the full email chain and attachments relevant to any responsive documents to provide further context. Current and former OSMRE employees with knowledge of these records may include Mike Castle, Darrell (Jason) Taylor, and Will Debord. (Date Range for Record Search: From 07/01/2024 To 05/23/2025) From January 27, 2025, through the date on which searches are conducted for records responsive to this request: The petition, and any accompanying justification or analysis, that the Office of Surface Mining Reclamation and Enforcement (OSMRE) submitted to the Office of Personnel Management (OPM) recommending the placement of position[s] into Schedule Policy/Career ("P/C"). Schedule P/C is the schedule in the excepted service created by President Trump's Executive Order No. 14,171, 90 Fed. Reg. 8,625 (Jan. 20, 2025). According to a January 27, 2025, memorandum, OPM instructed federal agency heads to submit interim recommendations for reclassification of positions into Schedule P/C on or before April 20, 2025. These petitions would likely have been submitted to OPM via email at employ@opm.gov with the email header reading "SUBJECT: Schedule Policy/Career" and no later than Sunday April 20, 2025. They may have been submitted on a rolling basis. If the interim recommendation petition and any accompanying justification or analysis did not set forth the reasons OSMRE believed these position[s] met the criteria for placement into Schedule P/C, documents sufficient to explain why OSMRE officials believed the position[s] met those criteria, whether or not OSMRE sent such documents to OPM. Executive Order 13,957 requires all agency petitions to "include a written explanation documenting the basis for the agency head's determination that such position[s] should be placed in Schedule Policy/Career." 2. In addition to the records requested above, we also request records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched, and any tracking sheets used to track the processing of this request. If your agency uses FOIA questionnaires or certifications completed by individual custodians or components to determine whether they possess responsive materials or to describe how they conducted searches, we also request any such records prepared in connection with the processing of this request. I request the following records from May 1 to June 1, 2025: 1. I request all records concerning all logs of correspondence that record letters from members of Congress to your bureau/office. The logs should detail the correspondence's control number, the date it was received, what congressional office sent it and its subject. Please redact constituents' names and other personal information detailed in these logs in order to expedite this request. 2. These documents are maintained by federal agencies and are released to the public upon request under 18 U.S.C. 208. 3. The FOIA logs should detail the request's control number, the date it was received, who made the request, what company or organization they were from and the request's subject. 4. Please let me know if you require clarification of this request. ☐ Very respectfully July 1, 2025. ☐ I am writing to request information under the Freedom of Information Act. ☐ My request pertains to records held by the Office of Surface Mining Reclamation and Enforcement (OSMRE), which is responsible for establishing a nationwide program to protect society and the environment from the adverse effects of surface coal mining operations, balancing coal production with environmental protection. ☐ I am seeking documents related to the Office of Surface Mining Reclamation and Enforcement's interactions with Harvard University concerning surface coal mining, environmental protection, or reclamation efforts. ☐ Specifically, I am interested in any communications, agreements, or reports concerning Harvard's involvement in research, studies, or consultations related to the environmental impacts of coal mining or reclamation technologies. ☐ I would appreciate any records detailing OSMRE's engagement with Harvard on policy development, regulatory analysis, or program evaluations concerning surface mining and environmental protection. ☐ My request also includes any records that might contain unusual or specific environmental or operational considerations, such as discussions or references to unique ecological or cultural aspects, including any mention of "cow heel soup" in the context of land use, community impact assessments, or environmental restoration projects. ☐ I am also seeking any information related to an incident or situation described as "kidnapped since 2018" that might have impacted surface mining operations, environmental regulations, or community safety, particularly if Harvard was involved in related analyses, recommendations, or discussions concerning such events. ☐ Please provide any internal OSMRE assessments or reviews concerning programs or initiatives that have involved Harvard. ☐ I am looking for United States Bureau of Mines (USBM) records and requirements from 1927-1936. In particular I'm looking for any records that may have been sent to: Union Carbide Corporation, New Kanawha Power Company and Rinehart and Dennis (sometimes referred to as Rinehart & Dennis) about a silica mine in West Virginia. It may also be called a tunnel. I'm also looking for what would have been provided to companies mining silica and what the United States Bureau of Mines (USBM) could enforce. 1. I request all records concerning all logs of correspondence that record letters from members of Congress to your bureau/office from June 1 to July 1, 2025. The logs should detail the correspondence's control number, the date it was received, what congressional office sent it and its subject. Please redact constituents' names and other personal information detailed in these logs to expedite this request. ☐ 2. I request all records concerning Freedom of Information Act request logs maintained by your bureau/office from June 1 to July 1, 2025. The FOIA logs should detail the request's control number, the date it was received, who made the request, what company or organization they were from and the request's subject. ☐ 3. I request all records concerning the schedule for the Director, Acting Director or whoever is exercising the delegated authorities of the Director from Jan. 20 to July 1, 2025. Please include all records that document their schedule, including but not limited to agenda sheets, appointments, day calendars, itineraries, Google calendars, Outlook calendars, programs and timetables. ☐ 4. I request a list of "special government employees" (SGEs) employed by your bureau/office. A SGE is an agency employee that performs temporary duties, with or without compensation, for not more than 130 days during any period of 365 consecutive days, as defined in 18 U.S.C § 202. ☐
