Notes:

¹ As stated in the "Guidance on the Bipartisan Infrastructure Law Abandoned Mine Land Grant Implementation" notice dated June 2025

² Eligible States and Tribes under the IJJA, must receive a total cumulative grant amount of \$20M over 15 years (i.e. \$1.333M/year) if the P1-P3 unfunded coal need is greater than or equal to \$20M. Minimum annual distribution of \$1,333,333

³ The Commerce, Justice, Science; Energy and Water Development; and Interior and Environment Appropriations Act, 2026 (P.L. 119-74) repurposed \$500 million of IJJA funding. This reduction will be applied equally to the remaining 11 grant distribution years, approximately \$45.45M/ year.

⁴ Louisiana and Mississippi are not eligible as they had no historic coal and therefore are not eligible for IJJA AML grants. Eligible States and Tribes must have an AML approved & eAMLIS P1-P3 coal inventory. If a State or Tribe has no outstanding P1-P3, water supply restoration, or emergency reclamation projects, IJJA funds are unavailable.

⁵ Oklahoma is included in the calculation, but not eligible. If an entity within OK becomes eligible this FY the funds would be available.
